# COMPANY OVERVIEW

## COMPANY OVERVIEW

**Optimum ERP Systems Ltd** is a leading Kenyan technology solutions provider headquartered in Nairobi, specializing in innovative, tailored software solutions that drive business transformation, operational efficiency, and productivity across multiple sectors. Established with a strong customer-centric philosophy, the company excels in developing and deploying custom ERP and management information systems that address specific client pain points while delivering measurable results and high return on investment. With a team of over 50 ICT professionals, Optimum combines deep industry expertise, creativity, and cutting-edge technologies to create modular, scalable, and hybrid (on-premise and cloud-accessible) solutions that emphasize regulatory compliance, robust security, seamless integrations, and real-time analytics.

The company holds three Category I accreditations from the ICT Authority of Kenya; the highest level possible in Systems and Applications as well as Information Security, underscoring its elite status in software development and data protection. Additionally, Optimum is fully registered as both a Data Controller and Data Processor under Kenya's data protection regulations, reflecting its unwavering commitment to safeguarding client information through encryption, multi-factor authentication, biometrics, audit trails, and other advanced security measures. Guided by core values of integrity, accountability, excellence, and professionalism, Optimum prioritizes client needs in every engagement, fostering long-term partnerships built on trust and proven outcomes.

Optimum serves a diverse clientele ranging from institutions of higher learning to government entities, healthcare providers, financial institutions, manufacturers, retailers, and agribusinesses. Its flagship product, UltimateERP, powers operations in over 180 (and growing) higher education institutions including universities, national polytechnics, TVCs, and, significantly reducing administrative workloads while ensuring full compliance with national standards. The company's expanding portfolio also includes specialized solutions such as UltimateCBE Assessment ERP, MedFlow for pharmaceutical supply chains, UltimateHospitalERP, Ultimate Retail & Distribution Suite, Lend360 for microfinance, Dairy Management System, Real Estate Management System, and many others. These products continue to deliver transformative efficiency gains, cost savings, and competitive advantages to clients across Kenya and beyond.

Optimum ERP Systems Ltd remains committed to excellence and innovation, inviting organizations to experience how its technology solutions can unlock sustainable growth and operational excellence.

# ABOUT US

## OUR COMMITMENT

At Optimum ERP Systems Ltd, we are unwavering in our dedication to the Highest Standards of Integrity, Accountability, Excellence, and Professionalism. We partner closely with Our Clients to fulfill their unique software requirements with Precision, Efficiency, and Minimal Cost.

Every decision we make is guided by Our clients' needs, focusing on enhancing Productivity and maximizing Returns on Investment. We commit to delivering Flawless Solutions that not only meet but exceed expectations, fostering enduring Partnerships built on Trust and Results.

## OUR EXPERTISE

Innovation, creativity, and originality define our approach at Optimum ERP Systems Ltd. Our team of Over 60 Technical Professionals brings extensive Experience in Information Technology across various Sectors, delivering Solutions that thrive in demanding Environments.

Comprising seasoned Project Managers, Developers, Strategists, Software Analysts, and Designers, Our Experts consistently exceed deadlines while earning Rave Reviews for their Execution.

We serve a broad spectrum of clients, from Global Enterprises to Small Businesses—leveraging state-of-the-art infrastructure and communication tools to build strong, lasting relationships. This dynamic environment ensures we create adaptable, effective solutions that drive real-world satisfaction and operational excellence.

2

# ACCREDITATION & COMPLIANCE

## ACCREDITATIONS - ICT AUTHORITY

In Kenya, accreditation by the ICT Authority is mandatory for companies providing technology services to citizens, ensuring compliance with national standards for quality and reliability. **Optimum Computer Systems Ltd** holds four Category I accreditations—the highest level awarded by the ICT Authority; demonstrating our elite status in the industry.

These accreditations include:

**1. Systems and Applications: (ICTA I)**

Validating our expertise in developing and deploying robust software solutions.

**2. Information Security: (ICTA I)**

Confirming our commitment to safeguarding data with top-tier security protocols.

**3. Cloud Computing: (ICTA I)**

Affirming our capability to deliver reliable, scalable, and efficient cloud-based solutions and services.

**4. Data Centre: (ICTA I)**

Ensuring our ability to provide secure, high-availability infrastructure for hosting, storage, and disaster recovery.

## CERTIFICATIONS - DATA PROTECTION

Kenya's Data Protection Laws, enforced by the Office of the Data Protection Commissioner, require all entities handling personal data to register as Data Controllers and Processors. At Optimum, we prioritize Data Privacy and Security, ensuring full compliance to protect Our Clients' sensitive information.

We are proudly registered as:

**1. Data Controller:**

Authorizing us to determine the purposes and means of processing personal data.

**2. Data Processor:**

Enabling us to process data on behalf of clients with stringent safeguards.

# WHAT SETS US APART

# What sets **Optimum Apart**

Key strengths that define **Optimum ERP Systems Ltd** as a trusted Enterprise Technology partner.

01

## **Proven Institutional Impact**

**Optimum ERP Systems Ltd** has successfully implemented Enterprise Systems across numerous Institutions, particularly within the Education sector where over **180 Institutions** rely on **Our ERP System** to power their Daily Operations and Institutional processes.

02

## **Deep Sector Expertise**

Our team of experienced technology professionals brings extensive expertise in enterprise systems development, software engineering, and digital transformation. Through years of implementation experience, we understand the operational realities faced by modern institutions and organizations.

03

## **Custom Enterprise Solutions**

Every organization operates differently. Optimum works closely with its clients to analyze operational challenges and design solutions that align with their specific institutional processes, ensuring systems that are practical, scalable, and effective.

04

## **Commitment to Excellence**

Integrity, accountability, professionalism, and excellence guide every engagement at Optimum ERP Systems Ltd. Our focus is to deliver solutions that not only meet but exceed client expectations while maintaining the highest standards of service delivery.

# What sets **Optimum Apart**

Key strengths that define **Optimum ERP Systems Ltd** as a trusted Enterprise Technology partner.

05

## **Strong Technical Capability**

Our Team of over **60 Experienced Technical professionals** combines Project Management, Systems Development, and Enterprise Technology expertise to deliver solutions that perform reliably in demanding operational environments.

06

## **Customer-Centric Approach**

At the core of Optimum's philosophy is a strong commitment to customer success. We partner closely with our clients to ensure that every system delivered contributes directly to operational efficiency, productivity, and long-term organizational growth.

07

## **Continuous Innovation**

Every organization operates differently. Optimum works closely with its clients to analyze operational challenges and design solutions that align with their specific institutional processes, ensuring systems that are practical, scalable, and effective.

08

## **Hybrid Architecture**

On-premise security combined with cloud accessibility — your data stays protected while staff access it from anywhere.

# Optimum Digital Platform Ecosystem

## Education & Institutional Platforms

**Optimum ERP Systems Ltd** provides specialized Digital Systems Designed to support Universities, National Polytechnics, TVET Institutions, Colleges, and other Training Institutions in managing Academic, Administrative, and Operational Processes.

### **UltimateERP** (Our Flagship Platform)

A Comprehensive ERP System designed for Higher Learning Institutions, Integrating over 30 Modules covering Student Lifecycle Management, Finance, HR, Procurement, Timetabling, Examinations, and Institutional Reporting. Over 180 institutions of higher learning are powered by our UltimateERP System.

[www.optimumsystems.co.ke](http://www.optimumsystems.co.ke)

### **UltimateCBE AssessmentERP**

A Competency-based Education platform designed to support Senior Secondary Schools and Training Institutions in managing Continuous Assessments, Competency Tracking, and Learner Progress Analytics.

[www.optimumsystems.co.ke](http://www.optimumsystems.co.ke)

### **Qualification Award Board System**

A Governance platform designed to manage Examination Results Validation, Moderation Workflows, Grading Standards, Certification, and Regulatory Compliance in Educational Institutions.

[www.optimumsystems.co.ke](http://www.optimumsystems.co.ke)

### **Curriculum Management System**

A Structured platform that Automates the management of Competency-based Training Curricula, ensuring alignment between Competencies, Learning Outcomes, and Assessment Processes.

[www.optimumsystems.co.ke](http://www.optimumsystems.co.ke)

## Education & Institutional Platforms

### **UltimateBio Biometric Attendance System**

A Fingerprint-based Attendance System that Tracks Staff and Student Attendance, Calculates Attendance Percentages Automatically, and Integrates with Institutional ERP Systems.

[www.optimumsystems.co.ke](http://www.optimumsystems.co.ke)

### **Turnstile Biometric Gate Control System**

An Intelligent Access Control platform combining Biometric Authentication and Physical Gate Systems to manage Campus Entry, Attendance Verification, and Institutional Security.

[www.optimumsystems.co.ke](http://www.optimumsystems.co.ke)

### **SmartDine**

A Cashless Cafeteria Ecosystem designed for Educational Institutions, enabling Digital Meal Payments, Real-time Consumption Tracking, and Financial Transparency.

[www.optimumsystems.co.ke](http://www.optimumsystems.co.ke)

### **Referral Management Module**

An Enrollment Growth platform that enables Institutions to manage Referral Campaigns, Track Enrollment Leads, and Reward Successful Referrals through Automated Systems.

[www.optimumsystems.co.ke](http://www.optimumsystems.co.ke)

## Business and Enterprise Platforms

**Optimum ERP Systems Ltd** also develops Enterprise Systems designed to Support Businesses, Enterprises, and Industry Sectors in managing Operational Processes, Financial Systems, Production Workflows, and Service Delivery.

### **Ultimate ManufacturingERP**

An Integrated ERP platform designed to support Manufacturing Organizations in managing Production Planning, Inventory Control, Procurement, and Operational Efficiency.

[www.optimumsystems.co.ke](http://www.optimumsystems.co.ke)

### **Ultimate SupplyChainERP**

A Modular ERP System designed for Wholesalers, Retailers, and Distribution Networks, Integrating POS Systems, Inventory Optimization, Financial Management, and Supply Chain Operations.

[www.optimumsystems.co.ke](http://www.optimumsystems.co.ke)

### **Ultimate HotelERP**

A Comprehensive Hotel Management System integrating Reservations, Restaurant Operations, Conference Facilities, Accounting, HR, and Operational Analytics.

[www.optimumsystems.co.ke](http://www.optimumsystems.co.ke)

### **Ultimate ConferenceERP**

An Integrated platform that Centralizes Event Planning, Equipment Management, Financial Tracking, Participant Registration, and Venue Operations.

[www.optimumsystems.co.ke](http://www.optimumsystems.co.ke)

## Business and Enterprise Platforms

### **Poultry Farm Management System**

A Cloud-based platform that supports Poultry Farm Operations including Feed Tracking, Egg Production Monitoring, Flock Health Management, and Profitability Analytics.

[www.optimumsystems.co.ke](http://www.optimumsystems.co.ke)

### **NexusTrade**

An AI-Powered Digital Marketplace platform that Connects Buyers and Sellers using Intelligent matching and Commerce Analytics.

[www.optimumsystems.co.ke](http://www.optimumsystems.co.ke)

### **ShopNearMe**

A Location-based Product and Service Discovery platform that connects Consumers with Verified Vendors through Intelligent Search and Vendor profiling.

[www.optimumsystems.co.ke](http://www.optimumsystems.co.ke)

### **WelfareTrack**

A Digital Governance platform designed for Welfare Groups and Associations to manage Contributions, Financial Transparency, and Community support activities.

[www.optimumsystems.co.ke](http://www.optimumsystems.co.ke)

## Business and Enterprise Platforms

### MedFlow

A Pharmaceutical Supply Chain platform designed for Healthcare Systems to Track Drug Distribution from Suppliers to Health Facilities and Patients.

[www.optimumsystems.co.ke](http://www.optimumsystems.co.ke)

### Lend360 Management System

A Digital Lending ERP platform designed for Microfinance Institutions to manage Loan Products, Customer Profiles, Repayment Tracking, and Financial Reporting.

[www.optimumsystems.co.ke](http://www.optimumsystems.co.ke)

### Real Estate Management System

A Property Enterprise platform designed to manage Tenant Lifecycle, Lease Agreements, Rent Billing, Maintenance Requests, and Property Portfolio Analytics.

[www.optimumsystems.co.ke](http://www.optimumsystems.co.ke)

### Dairy Management System

An ERP platform designed for Dairy Cooperatives and Processing plants to manage Milk Intake, Quality Testing, Farmer Payments, Production Oversight, and Distribution Logistics.
